

# Baby Care

## Diaper Disposal Service

*A lack of adequate facilities for changing babies and toddlers is bad for business. With Workplace Essentials Diaper Disposal Service you can create a caring, friendly image for your company and prevent your maintenance staff from handling soiled diapers.*

- **Conveniently located**  
Situated next to the Baby Changing Table, the pedal operated diaper disposal unit is simple to use. Its design and placement allow a customer to both change a child and dispose of soiled diapers safely.
- **Easy and safe to use**  
Our disposal unit has a protective masking tray that completely shields the user from the contents. A powerful deodorizer inside the unit neutralizes the waste.
- **Customized service**  
Service personnel exchange the used unit with a fresh unit on a predetermined schedule designed just for you.
- **Attractive signage**  
A discreet, attractive sign identifies the location of the diaper disposal unit.

**DIMENSIONS**

x 17<sup>3</sup>/<sub>16</sub>" D.

## Baby Changing Table and Child Safety Seat

Workplace Essentials' Baby Changing Table design allows a customer to both change a child and dispose of the soiled diaper safely without diverting attention from the child. The Child Safety Seat provides added protection for toddlers. This essential restroom or fitting room accessory seats younger children safely and easily while keeping them in view.

- **Simplified baby changing**

The concave surface of the changing table, with its safety belt and unbreakable buckle, cradle and support the child, while a handy utility shelf and hanging hook, located within arms reach, can hold a diaper bag or personal changing items.

- **Durable and long-lasting**

The pictorial safety graphics are molded permanently into the product's surface and won't fade.

- **Added protection**

For your convenience, the changing table is supplied with protective liners. Replacement liners can be ordered directly from Workplace Essentials.

- **ADA compliant**

Both Baby Changing Table and Child Safety Seat meet ADA compliance when mounted accordingly.

- **Attractive signage**

A discreet, attractive sign identifies the location of the changing table.

- **Compact, sturdy and secure**

The sturdy Child Safety Seat fits easily into restroom stalls or fitting room compartments. When not in use, the seat folds up for compact storage.
