

# Workplace Essentials<sup>SM</sup>

for Your Business:

## Office Buildings

### ***Did you know?***

- According to a University of Arizona study, surfaces in the office, including desks, phones, keyboards and mice often host more bacteria and germs than public toilets.
- One in three restroom users does not wash their hands before leaving the restroom.
- Four out of five germs that cause illness, including MRSA, Salmonella, E.Coli and Hepatitis A are spread by hands.
- A study led by University of Michigan researchers estimated that the economic impact of cold-related work loss in the U.S. exceeds \$20 billion a year.

### ***Is your office a breeding ground for germs?***

Protect your employees and visitors from cross-contamination by contacting Workplace Essentials and finding out how our fresh approach to restroom hygiene services will work for you:

***Feminine Hygiene  
Air Care  
Hand Care
